DEVON DIVIDEND YIELD FUND

What is the purpose of this update?

This document provides key information about the Devon Dividend Yield Fund ("Dividend Yield Fund"). It tells you how the Fund has performed and what fees it charged, and will help you to compare it with other funds. Devon Funds Management Limited prepared this statement in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this Fund

The Dividend Yield Fund is a select portfolio of approximately 25-35 New Zealand and Australian listed equity securities chosen for their attractive dividend yields, with some growth prospects to maintain the dividend yield and capital value in real terms. The Dividend Yield Fund is actively managed, which means the holdings and investment returns may differ considerably from its benchmark.

What are the Risks of Investing?

The risk indicator for the Devon Dividend Yield Fund is below:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way. This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 31 December 2016. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at:

Annual Return Graph²

This shows the return after fund charges and tax for each year ending 31 March since the Fund started. The last bar shows the average annual return since the Fund started, up to 31 December 2016. Important: This does not tell you how the Fund will perform in the future. Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?³

Investors in the Dividend Yield Fund are charged Fund charges. In the year to 31 March 2016 these were:

	% of net asset value
Total Fund Charges:	1.65%
These are comprised of the below management, administration and performance charges.	
Manager's basic fee:	0.70%
Other management and administration charges:	0.30%
Performance fees⁴ (if applicable):	0.65%

See the product disclosure statement for more information about the basis on which performance fees are charged.

Example of how this applies to an investor

Small differences in fees and charges can have a big impact on your investment over the long term.

Chris had \$10,000 in the Devon Dividend Yield Fund at the start of the year and did not make any further contributions. At the end of the year, Chris received a return after fund charges were deducted of \$947 (that is 9.47% of his initial \$10,000). Chris does not pay any other charges. This gives Chris a total return after tax of \$932 for the year.

NB: Devon does not charge a buy/sell spread or any entry/exit fees.
