What are the risks of investing¹?

Risk indicator for the Artesian Green and Sustainable Bond Fund (NZD):

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five year period to 30 September 2024. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement (PDS) for more information about the risks associated with investing in this fund.

Notes

- Because the Fund has not been operational for the required five years we have determined the risk indicator using a combination of index and actual returns. Therefore, it may provide a less reliable indicator of potential future volatility.
- As the Fund has not been in existence for more than one financial year the total fund charges are estimated as disclosed in the PDS. Please refer to the PDS for further information.
- As the Fund has not existed for a full financial year, this example is based on returns for the period from 19 June 2023 to 30 September 2024.
